

# SDG REPORT

## Rajamangala University of Technology Phra Nakhon 2022

**7 AFFORDABLE AND  
CLEAN ENERGY**

RMUTP promotes energy conservation awareness with in the organization.

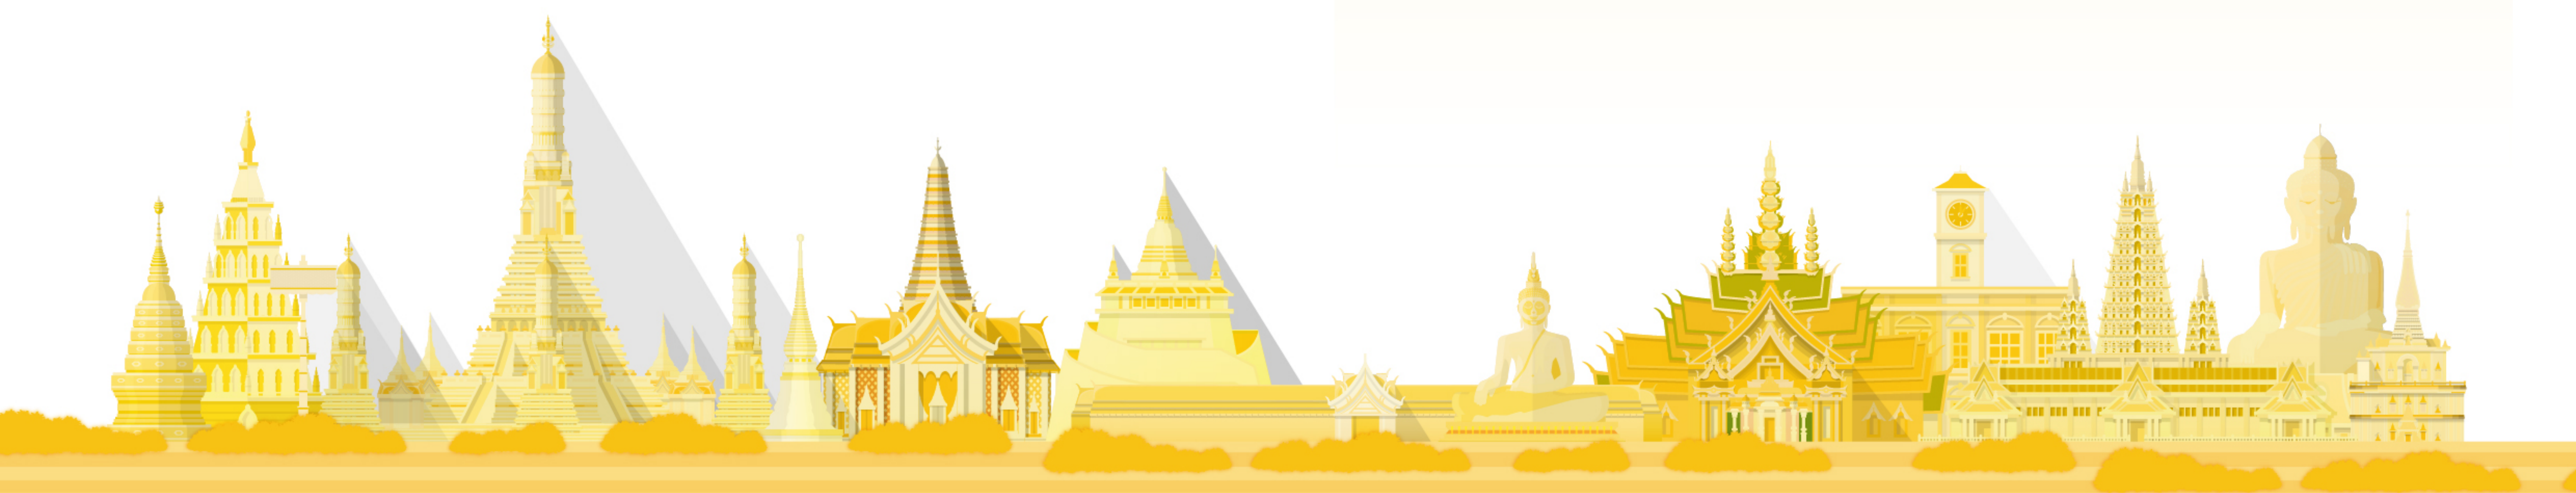

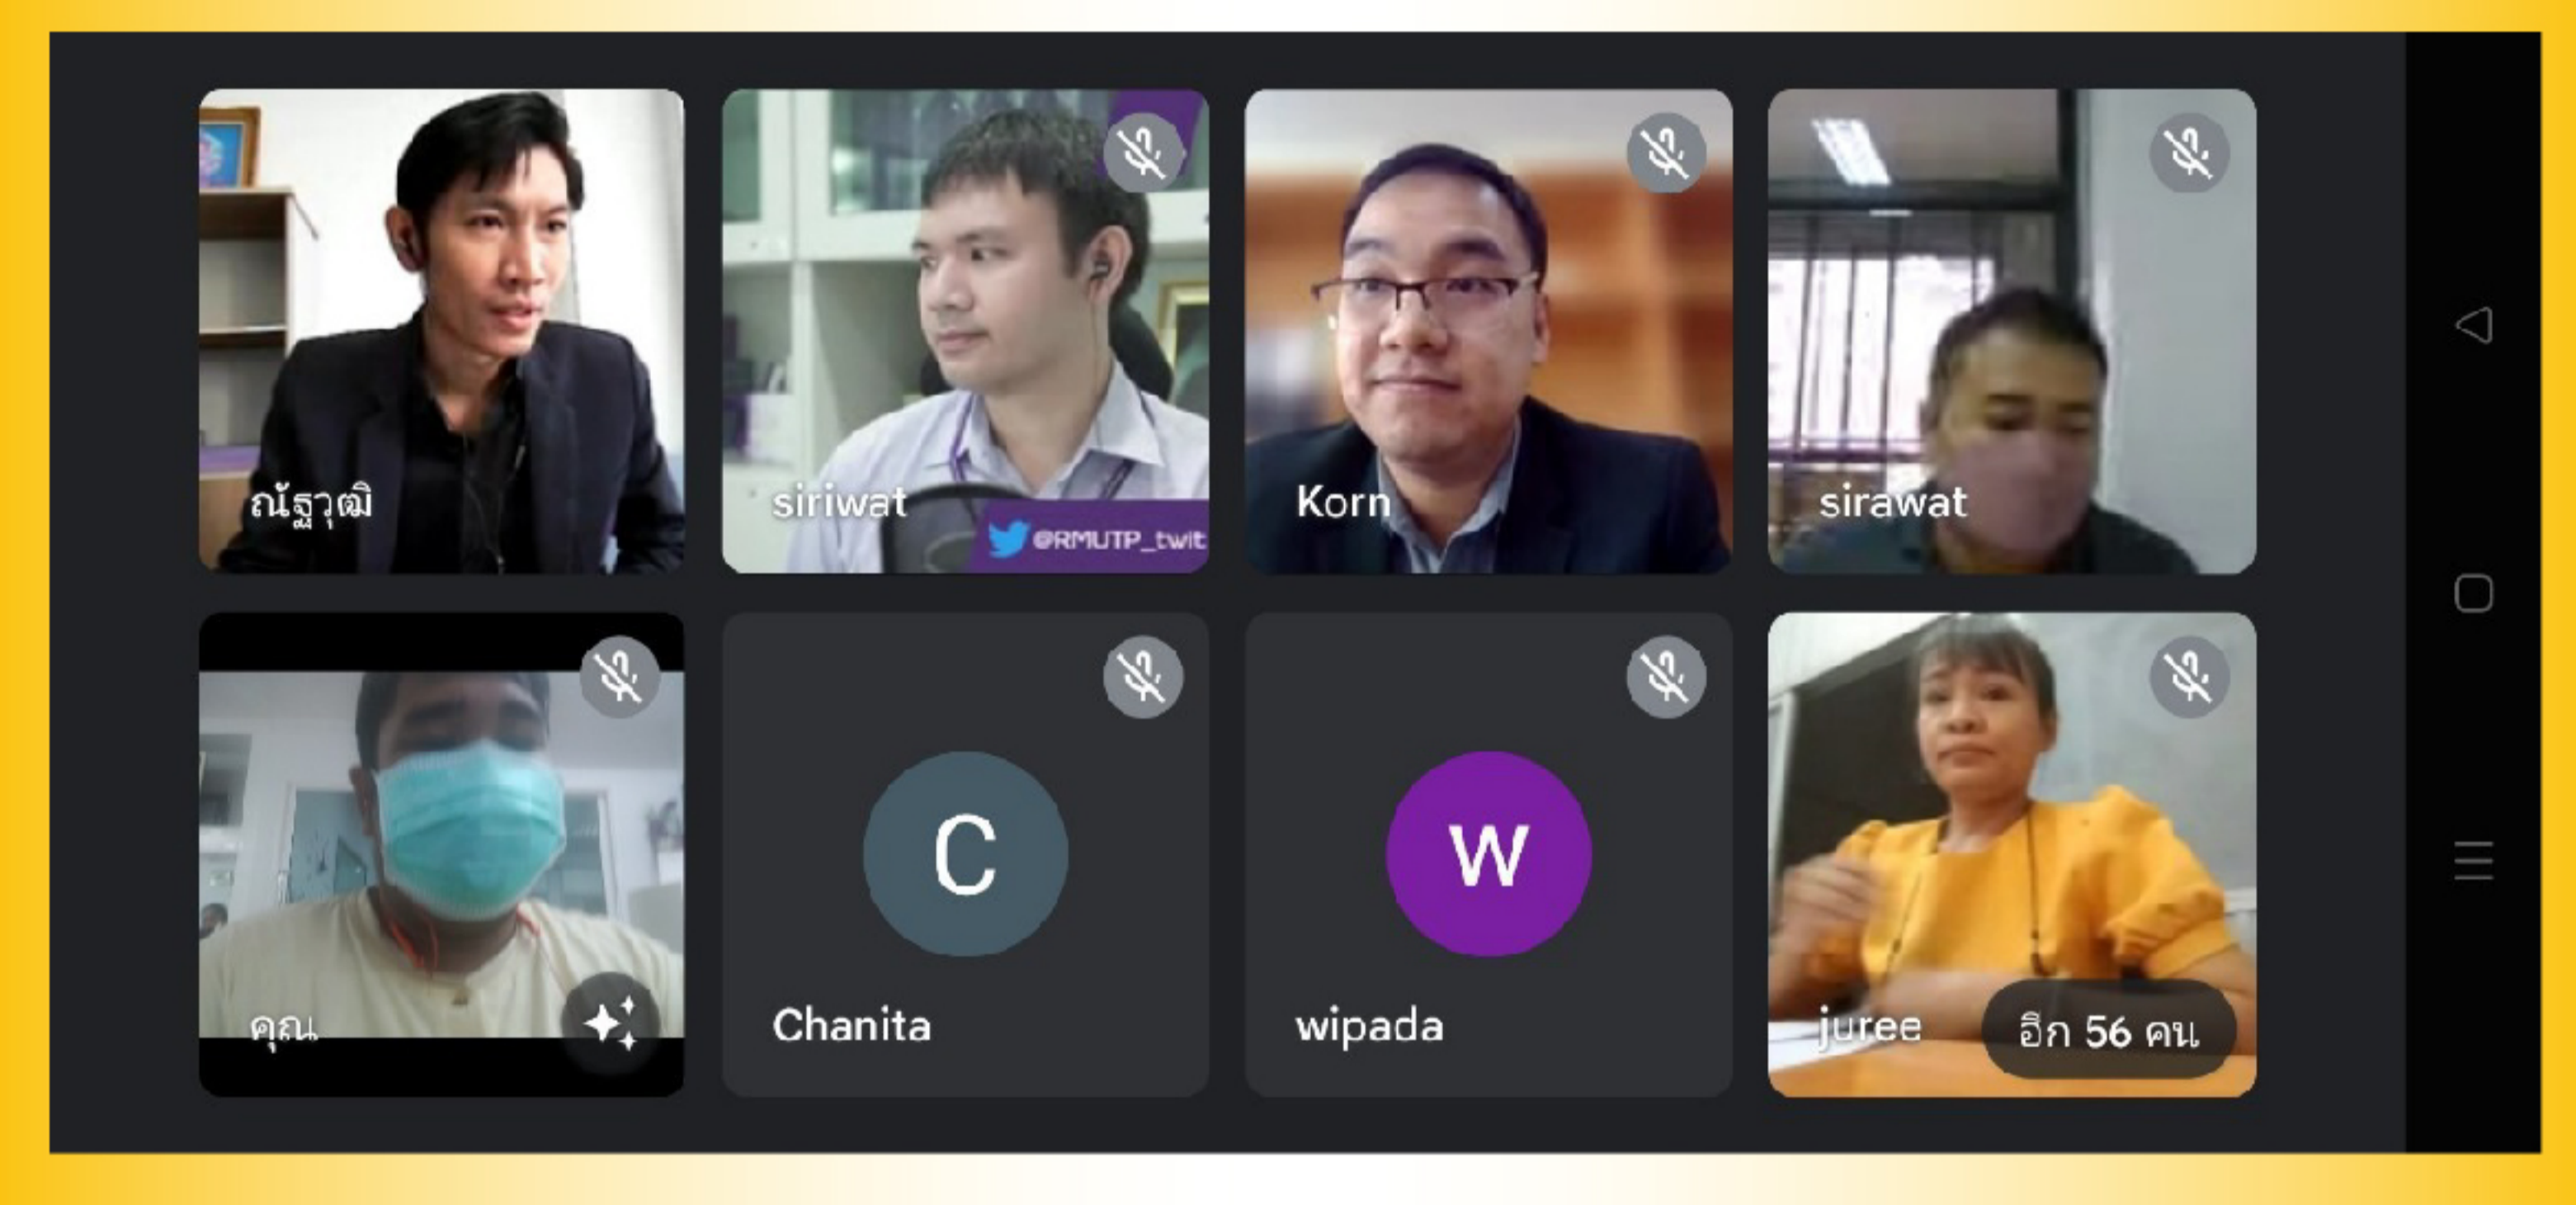

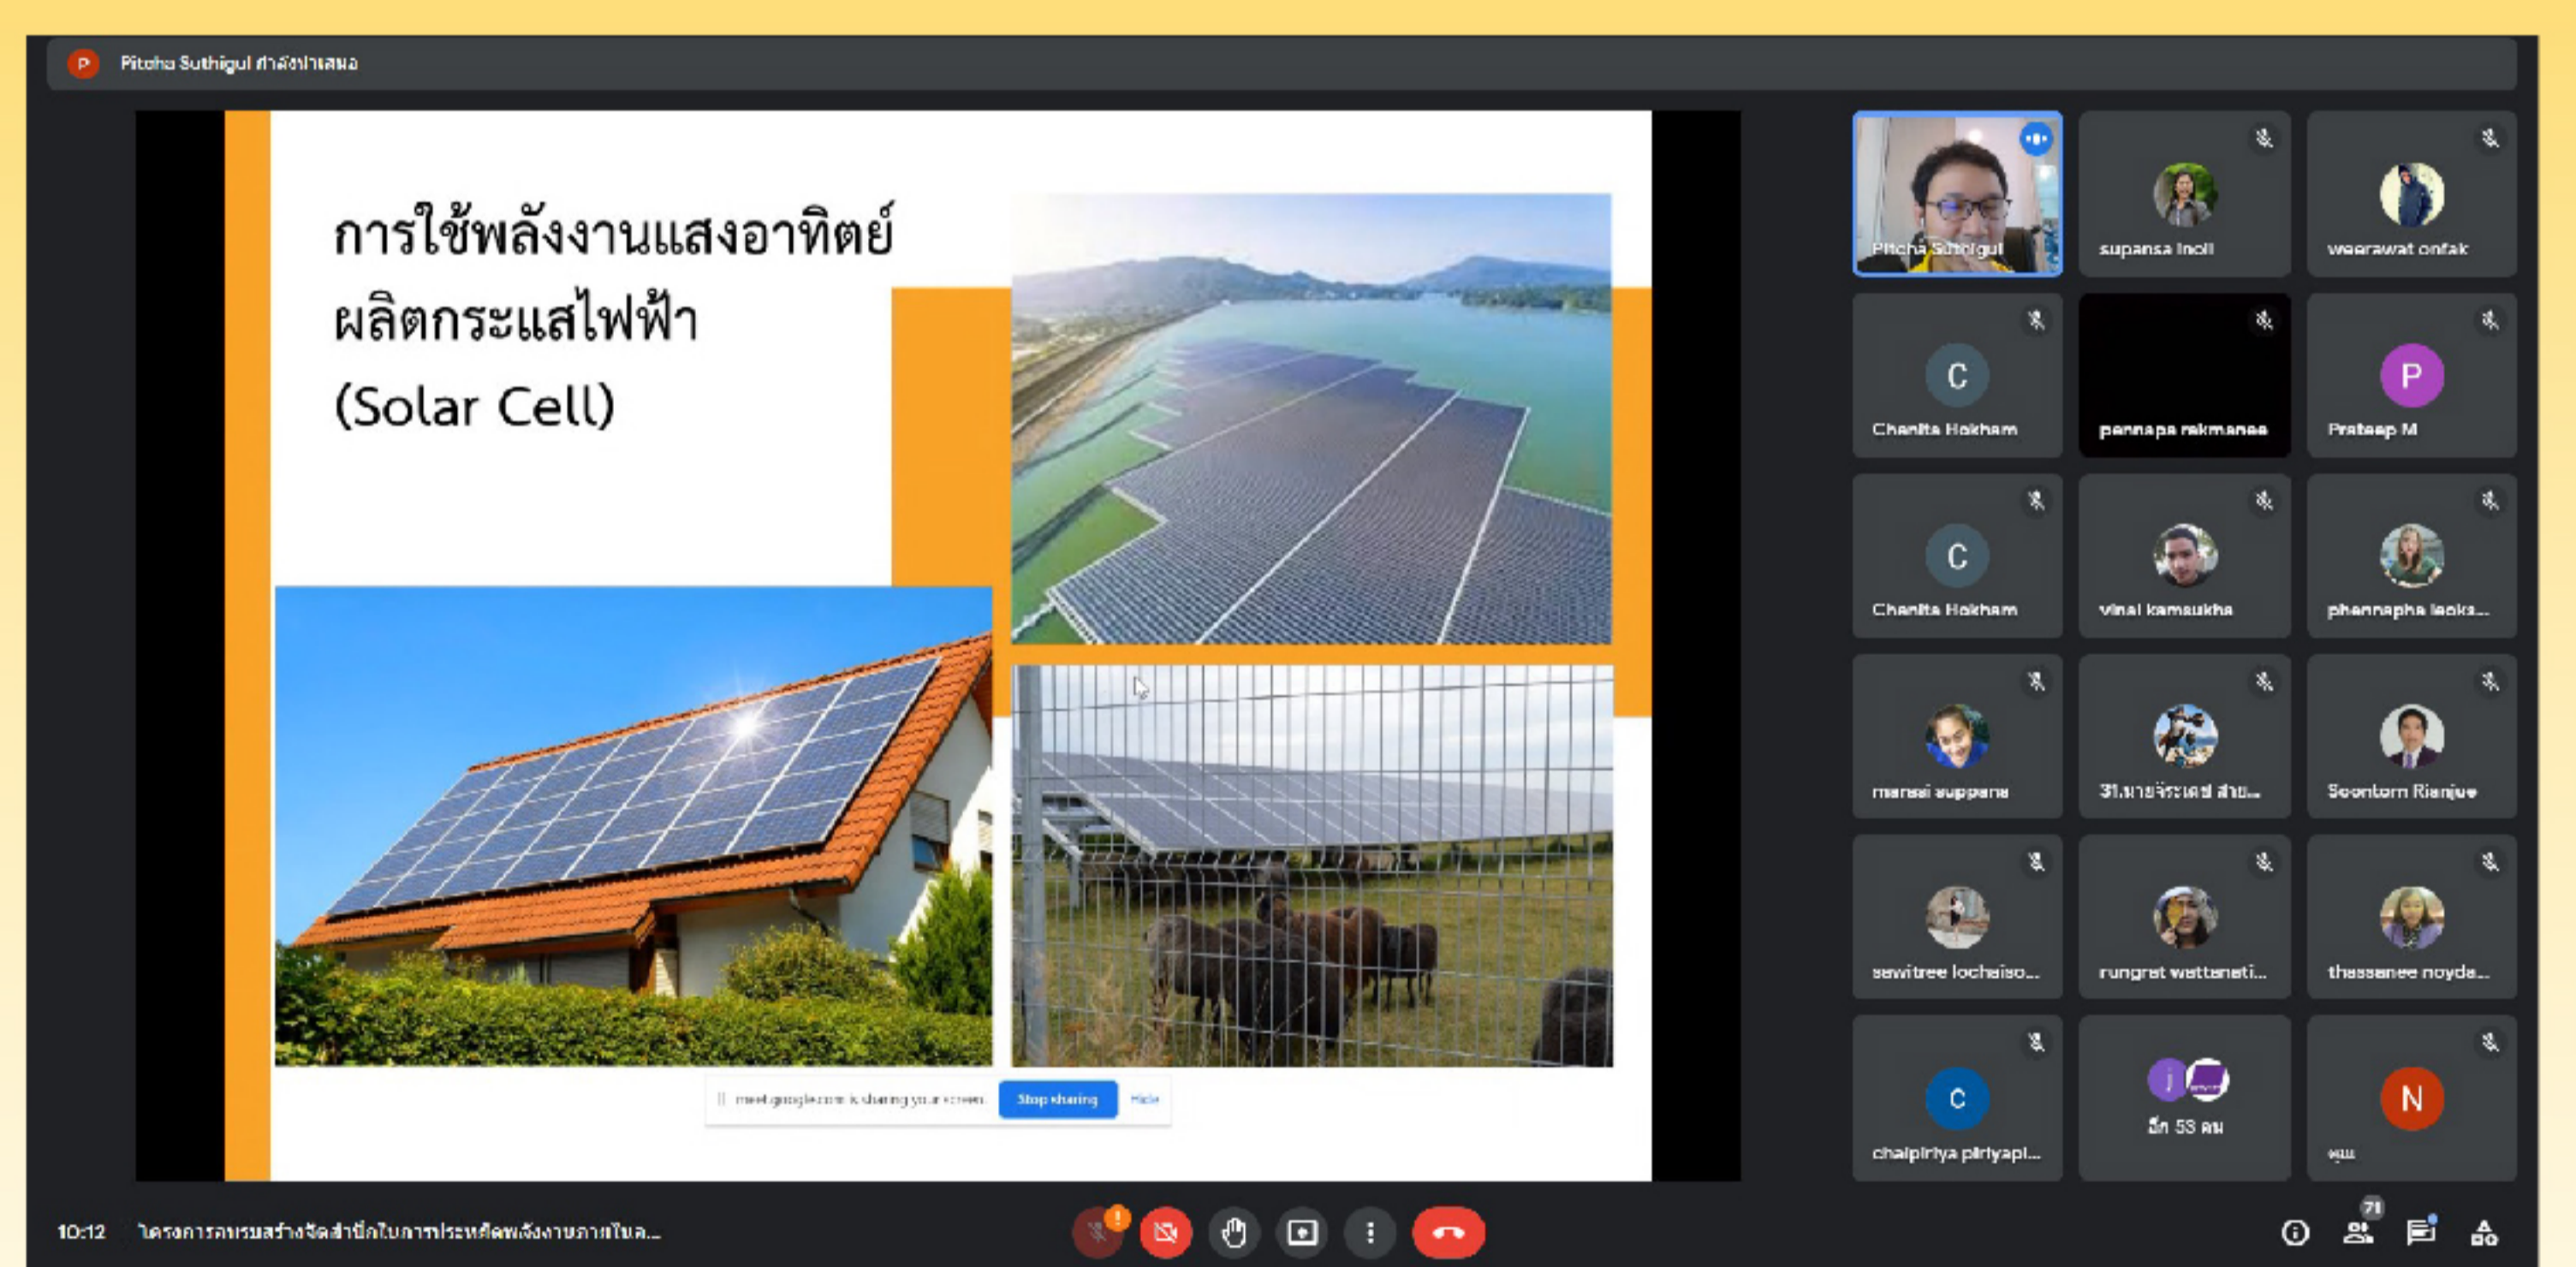

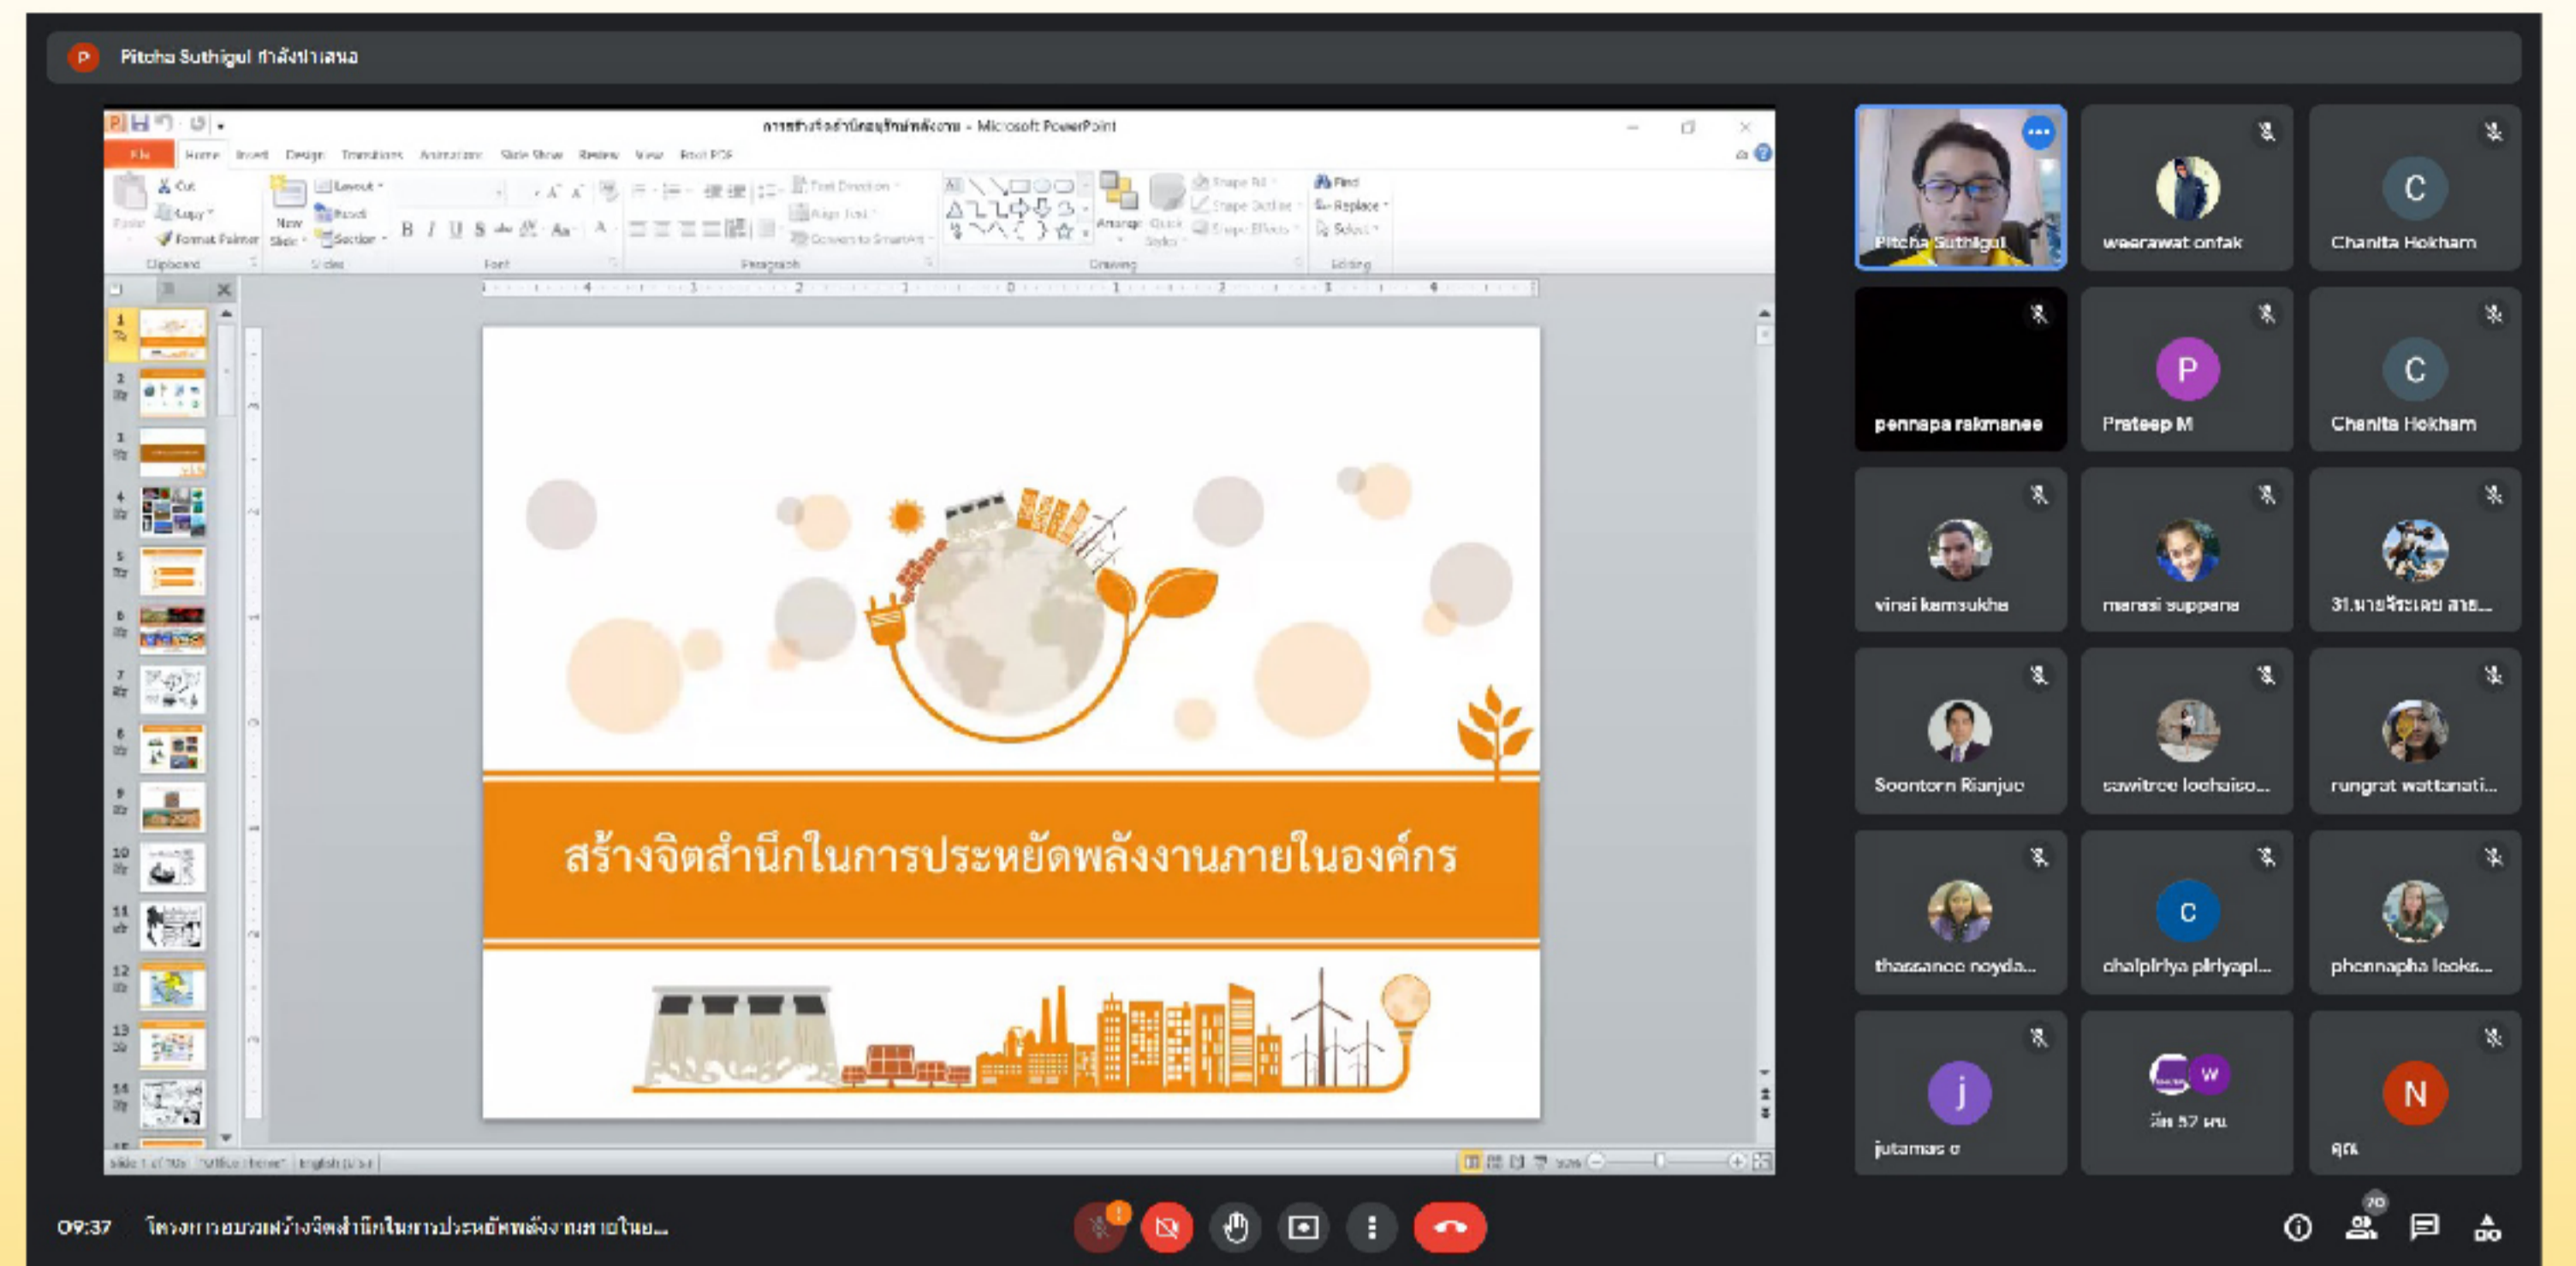

# Affordable and Clean Energy

RMUTP promotes energy conservation awareness within the organization.

On August 15, 2022, RMUTP organized an online training to promote energy conservation awareness within the organization. The objective of this activity was to instill a sense of energy conservation in the university's staff and to provide guidance on various techniques for reducing energy consumption within the organization. It emphasized the importance of collective participation in energy-saving initiatives and highlighted the need to reduce energy usage without compromising work quality or quality of life. The event also featured Mr. Pichcha Sutthikul, an energy expert from the Department of Alternative Energy Development and Efficiency, who delivered a lecture on the topic of 'Building Energy Conservation Awareness within the Organization' and provided guidance on energy-saving techniques.
